After the publication of our paper (STEVANOVIĆ, HLAVÁČ & PAVIĆEVIĆ, 2008) and the consequent entering of the newly described species into the personal catalogue of Staphylniformia of Alfred Newton, it was recognized by the latter that the same name has been already used for the combination with the genus *Lathrobium* (WATANABE, 1999).

As a consequence, we propose here a new name:

*Lathrobium joncooteri* Stevanović, Hlaváč & Pavićević, new name

*Lathrobium cooteri* Stevanović, Hlaváč & Pavićević, 2008: 329, preoccupation, nec Watanabe, 1999: 573.

Etymology: the new name has been again dedicated to our friend Jon Cooter, Hereford.
