___________________________________________________________________________

3. Data on reviewed paper

3.1. Publication/publisher’s title
Histria archaeologica / Archaeological Museum of Istria, Pula

3.2. Title of the paper
___________________________________________________________________________

Please answer the following questions:

1. Is the paper, regarding its subject matter, appropriate to be published in Histria archaeologica?
   Yes                                     No

2. Can the paper be published in Histria archaeologica?
   Yes             Yes, with revision                     No

3. If the paper can be published, what would be its classification:
a) original scientific paper
b) preliminary communication
c) scientific review
d) professional paper
e) popular-science paper
f) other:

4. Does the title of the paper match its content?
   Yes                                     No
   If not, please include your suggestion for the title of the paper:

5. Are the summary and key words correct?
   Yes                                     No

6. Is the bibliography cited correctly?
   Yes                                     No
   Note: In case you would like to suggest an additional bibliography source, please list it either on the last page of the form or include it directly in the enclosed paper.

7. Are the graphic representations (pictures, tables, photographs, etc.) and their legends suitable?
   Yes                                     No

8. Is the paper written in an adequately concise and comprehensible language?
   Yes                                     No
   If not, please mark the incomprehensible passages directly in the paper so that they can be improved.

9. Does the paper need to be:
   a) shortened
   b) supplemented or
   c) its length is adequate
   If your answer is a) or b) and refers only to one or more specific parts of the paper, please mark them and add short explanation.
10. Your view of the paper and additional comments (not mandatory; enclose on additional sheet if the space below is not sufficient):

In______________,___________2009.
