Nova
unaprijedena formula
s licochalconom

Napokon olakšanje za suhu i zacrvenjenu kožu.

Novi Eucerin® Losion s 12% omega masnih kiselina napokon nudi olakšanje suhoj i zacrvenjenoj koži koja često svrbi. Prirodne omega masne kiseline dobivene od ulja nocurka i ulja sjemenki grožđa ojačavaju oštećeni sloj kože. Iznimno učinkovit licochalcon biljnog podrijetla ublažava crvenilo i dugotrajno umiruje kožu.

Ova jedinstvena kombinacija sastojaka je dovoljno blaga čak i za oboljelu kožu, dječju kožu te kožu dojenčadi.

Klinička istraživanja* dokazuju učinkovitost i podnošljivost za kožu kao i dodatnu njegu atopijskog ekcema.
