“Carabidae, Cerambycidae and Scarabaeoidea (Insecta: Coleoptera)  
 Fauna of Kornat, Lavsa and Žut Islands, Croatia”

Lucija Šerić Jelaska

In the article Koren et al. (2010) „Carabidae, Cerambycidae and Scarabaeoidea (Insecta: Coleoptera) fauna of Kornat, Lavsa and Žut islands, Croatia“, published in Entomologia Croatica 14 (3-4): 53-62, two species listed in the Table 2 of the manuscript were named incorrectly. The Species *Dicheirotichus obsoletus* (Dejean, 1829) and *Laemostenus dalmatinus* (Duftschmid, 1828) should be listed instead of *Dicheirotichus pallidus* (Dejean, 1829) and *Laemostenus janthinus* (Duftschmid, 1812).

Table1. Reviewed list of species with the abundance data recorded on each island.
