organize

International Conference

**15<sup>th</sup> Ružička days**

**“TODAY SCIENCE – TOMORROW INDUSTRY”**

11<sup>th</sup> and 12<sup>th</sup> September 2014  
Vukovar, Croatia

Dear all,

in the name of Scientific and Organizing Committee I invite you to participate on the international scientific and professional conference *15<sup>th</sup> Ružička days*, which will be held 11<sup>th</sup> and 12<sup>th</sup> September 2014. The organizers of this Conference are Croatian Society of Chemical Engineers, Faculty of Food Technology Osijek, Josip Juraj Strossmayer University of Osijek and European Federation of Food Science and Technology (EFFoST).

Ružička Days are a traditional gathering of scientists and experts in the fields of chemistry, chemical and biochemical engineering, food technology and biotechnology, medical biochemistry and pharmacy, as well as chemistry in agriculture and forestry, and environment protection, dedicated to Leopold (Lavoslav) Ružička, the Croatian Nobel Laureate in chemistry. Goals of the Conference are to promote excellence, interdisciplinary, originality and innovation of scientific research and application of research through collaboration with industry with the aim of improving competitiveness and the overall development of society. Ružička Days wishes to emphasize the importance of scientific research and application of new technologies and the latest scientific and technical achievements in the economy.

More informations about the Conference you can find on the Conference web site <http://www.ptfos.unios.hr/ruzicka/>.

We are looking forward to see you in Vukovar.

Sincerely yours,

Drago Šubarić, PhD, full professor  
Chairman of the Scientific and Organizing Committee of the *15<sup>th</sup> Ružička Days*

#### Programme

The Conference will include invited lectures, oral presentations, posters and sponsored presentations. The Conference will also include exhibitions and presentations of equipment and devices as well as various social events.

#### Topics

1. Chemical analysis and synthesis
2. Chemical and biochemical engineering
3. Food technology and biotechnology
4. Medical biochemistry and pharmacy
5. Chemistry in agriculture and forestry
6. Environmental protection
