### **About the Congress**

International Congress of the Croatian Society of Mechanics is triennial meeting established for the mutual exchange of scientific and technical information from the domain of mechanics not only with a focus to the Central Europe but also beyond this region. Prospective authors are invited to submit high quality, novel research papers or practical reports addressing contemporary issues, emerging problems and other topics in mechanics. Fluid, solid and structural mechanics contributions are most welcome.

Official language of the congress is English. Pre-congress school of mechanics (optional) Before the Congress, one-day school on multiscale methods will be held.

### **Submission Instructions**

One page abstracts and full length papers have to be submitted via the congress web pages not later than indicated on this flyer. Guidelines and templates will be found on the congress webpage.

All accepted papers will be published in the congress proceedings.

### **Congress fees:**
