

EDITORIAL

Dear readers,

We are glad to introduce you to December 2015 issue of INTEREULAW EAST – Journal for the International and European Law, Economics and Market Integrations. The current issue mainly features the papers submitted by our distinguished colleagues from Tyumen State University and National University “Odessa Law Academy” thus, once again, confirming the significant dissemination role of the Journal for the Tempus project INTEREULAW EAST.

Although the November 2015 was dedicated to the Advance Course in European Company Law that took place from 5th to 8th of November 2015 in Tempus Centre at National University „Odessa Law Academy“, the subjects contained in the current issue are much more broad. In addition to the regular topics covering EU law, international relations, corporate governance etc. two published articles brought additional width to the Journal – one dealing with the systems of protection of the human rights in the EU and the other with the historical custom unions in Europe and their influence on the EU.

On this occasion we would like to announce the 3rd International Conference “Legal Reform and EU Enlargement - Transfer of Experiences” within the Tempus project INTEREULAW EAST that is scheduled for the March 2016 and will be hosted by Zagreb Tempus Centre. All the information on the upcoming Conference in Zagreb may be found at the Project’s official website at <http://iele.weebly.com/conferences.html>.

The preparatory work on the June 2016 issue has already started and thus we invite all interested authors to submit their papers dealing with the topics covered by the Journal. All the info on the Journal is available at <http://www.efzg.unizg.hr/iele>.
