

OBAVIJEST REDAKCIJE

NOTICE FROM THE EDITOR

Redakcija za ovaj dvobroj bila je zaključena 20. III. 1952., ali na žalost ovaj svezak nije mogao biti štampan zbog materijalnih i administrativnih poteškoća. Ovaj je svezak štampan sredstvima Rektorata Sveučilišta u Zagrebu.

S ovim sveskom završava redakciju profesor dr. V. Vouk, budući je navršivši 70 godina života prešao u emeritus stanje. Prema tome napustio je i položaj predstojnika Botaničkog instituta. Novim predstojnikom je postavljen prof. dr. Stjepan Horvatić.

This double volume of »Acta botanica« has been prepared for printing already on the 20th of March 1952, but financial and administrative reasons postponed its appearance. Indispensable pecuniary resources have been kindly offered by Rector's Office of the University in Zagreb.

This is the last volume appearing under Professor V. Vouk's editor-ship. Having completed his 70th year of age and withdrawing into retirement, Professor V. Vouk gives up also the Directorship of the Botanical Institute. Professor Stjepan Horvatić has been appointed as his successor.
