|--|--|
|  | <b>248</b> Editorial   |
| <i>Niko Gamulin, Mitja Štular, Sašo Tomažič</i>                          | <b>252</b> Impact of Social Network to Churn in Mobile Network<br><i>original scientific paper</i>   |
| <i>Mohamed Zelligui, Heba A. Hassan, Abdelaziz Chaghi, Amir Ghorbani</i> | <b>262</b> A Comparative Study of Ground Fault Analysis for a Practical Case of a Transmission Line Equipped with Different Series FACTS Devices<br><i>original scientific paper</i> |
| <i>Hao Wu, Shu-Xin Chen, Yi-Hang Zhang, Bin-Feng Yang</i>                | <b>275</b> Robust bearings-only tracking algorithm using structured total least squares-based Kalman filter<br><i>original scientific paper</i>                                      |
| <i>Maja M. Lutovac Banduka</i>   | <b>281</b> Remote Monitoring and Control of Industrial Robot based on Android Device and Wi-Fi Communication<br><i>original scientific paper</i>                                     |
| <i>J. Kamala, K. Santhosh</i>  | <b>292</b> Efficient Energy Management System for Solar Energy<br><i>original scientific paper</i>   |
| <i>Subramanian Vijayalakshmi, Thangasamy Sree Renga Raja</i>             | <b>303</b> Development of Robust Discrete controller for Double Frequency Buck Converter<br><i>original scientific paper</i>   |
| <i>Dianwei Qian, Shiwen Tong, Xiangjie Liu</i>                           | <b>318</b> Load Frequency Control for Micro Hydro Power Plants by Sliding Mode and Model Order Reduction<br><i>original scientific paper</i>   |

*Konrad Urbanski, Krzysztof Zawirski*

**331** Improved Method for Position Estimation Using a Two-Dimensional Scheduling Array  
*original scientific paper*

*Ivan Marasović, Željka Milanović, Ivan Zulim*

**341** Modelling and detection of failure in medical electrodes  
*original scientific paper*

*Darko Sinanović, Gordan Šišul, Borivoj Modlic*

**350** SFBC with clipping and filtering as a transmit diversity technique in SC-FDMA  
*original scientific paper*

*Ivo Beroš, Nikica Hlupić, Mario Brčić*

**359** Computational Aspects of Efficient Estimation of Harmonically Related Sine-Waves  
*original scientific paper*

*Saeed Hasanzadeh, Sadegh Vaez-Zadeh*

**367** A Review of Contactless Electrical Power Transfer: Applications, Challenges and Future Trends  
*original scientific paper*

**379** IFAC Newsletter

**385** Featured projects of the University of Zagreb Faculty of Electrical Engineering and Computing
