## LETTERS OF AUGUSTIN MILETIĆ IN THE ZAGREB ARCHBISHOPRIC ARCHIVE

During his service as the apostolic administrator in Bosnia, Augustin Miletić maintained a continuous communication with those abroad, trying to improve not only the position of his congregation, but also that of the ecclesiastical institutions in Bosnia at the time: the apostolic vicariate itself and the Franciscan Province of Bosna Srebrena. In this capacity he sent several letters to the bishops of Zagreb. The paper describes the context they were written in, and then presents the complete transcript.
