

**A PREVIOUSLY UNKNOWN TYPE OF HALF DENAR
OF NIKOLA BÀNFFY**

This article first describes political instability in the late 13th and first half of the 14th century in the Kingdom of Hungary-Croatia, especially the situation in Croatia and Bosnia. The role and importance of *Ban* Nikola Bànffy (Banfić) can be viewed in this historical context. The author shows the types of coins minted by this *ban*, and then gives a description of a previously unknown type of his half denar.
