

Announcement
The special subject issue on
State-of-the-Art in Vibrational Spectroscopy

The special subject issue of the journal *Croatica Chemica Acta* will consist of two parts (Nos. 2 and 3, Volume 61) containing 33 contributions (original scientific papers and author's reviews) by distinguished authors from all over the world. This publication is a comprehensive and profound cross-section of modern developments in vibrational spectroscopy. In order to enable a broader distribution of this unique collection, both parts will be also published as a single volume in the form of a book.

Orders should be made to:
The Croatian Chemical Society
Marulićev trg 19
YU — 41000 Zagreb
P.O.B. 163
Yugoslavia

Date of issue — February 1989
Approximately 600 pages
Price \$ 89.00
