

EDITORIAL NOTE

This volume of *Croatica Chemica Acta* is a collection of papers based on the invited and contributed lectures given at the 5th International Summer Conference on the *Chemistry of Solid/Liquid Interfaces*, and the Symposium on the *Interfacial Phenomena in Colloid Systems*. Both events were organized by the Center for Marine Research of the »Ruđer Bošković« Institute, Zagreb, and held from June 25, to July 3, 1979., in the Congress Hall of the Hotel »Croatia«, Cavtat-Dubrovnik.

The Conference and the Symposium were supported by the Commission for Scientific Meetings and Publications of the Self-Managing Authority for Scientific Research of the Socialist Republic of Croatia, which also supported publication of this volume. Support was also provided by the Joint Commission for Scientific Meetings of the Yugoslav Republics and Provinces. To these appreciation is expressed.

The meeting was held under the sponsorship of the Croatian Chemical Society and the Union of the Chemical Societies of Yugoslavia. The Organizing Committee in charge of the Scientific program consisted of: Prof. Božo Težak (honorary Chairman), Dr. Marko Branica, Dr. Dunja Čukman, Dr. Zdenka Konrad and Dr. Velimir Pravdić(organizer in charge).
