

Prilozi bibliografiji flore i vegetacije Hrvatske
Contributions to the bibliography of the Croatian flora and vegetation

- **Conti, F., Bartolucci, F., Niketić, M., Lakušić, D. (2016):** A new combination in the genus *Siler* (Apiaceae) for the Balkan flora. *Phytotaxa* 278(2): 171-172.
- **Dorbić, B., Gverić, J., Friganović, E. (2017):** Inventarizacija voćnih vrsta i ukrasne dendroflora u vrtovima grada Skradina. *Pomologia Croatica: Glasilo Hrvatskog agronomskog društva* 21(1-2):, 91-100.
- **Đurović, S., Schönswetter, P., Niketić, M., Tomović, G., Frajman, B. (2017):** Disentangling relationships among the members of the *Silene saxifraga* alliance (Caryophyllaceae): Phylogenetic structure is geographically rather than taxonomically segregated. *Taxon* 66(2): 343-364.
- **Frajman, B., Schönswetter, P. (2017):** Amphi-Adriatic distributions in plants revisited: Pleistocene trans-Adriatic dispersal in the *Euphorbia barbellieri* group (Euphorbiaceae). *Botanical Journal of the Linnean Society* 185(2): 240-252.
- **Hruševar, D., Vladović, D., Ževrnja, N., Vlahović, D., Mitić, B. (2017):** *Convolvulus sabatius* subsp. *mauritanicus* (Boiss.) Murb.—just a new casual alien plant in Dalmatia or...?. *Periodicum biologorum* 119(3): 219-222.
- **Jandová, M., Oulehlová, M., Vojtěchová, K., Kitner, M., Duchoslav, M. (2017):** *Allium pseudotelmatum* (Amaryllidaceae), a new species of *Allium* sect. *Codonoprasum* from Croatia. *Phytotaxa* 311(2): 139-154.
- **Jasprica, N. (2016):** Otok Šolta kao izvor bioraznolikosti: primjer vilinske planike. *Baščina (Grohote)* 25: 16-23.
- **Jasprica, N., Milović, M., Dolina, K., Lasić, A. (2017):** Analyses of the flora of railway stations in the Mediterranean and sub-Mediterranean areas of Croatia and Bosnia and Herzegovina. *Natura Croatica* 26(2): 271-303.
- **Jasprica, N., Terzi, M. (2017):** Limestone cliff vegetation of *Portenschlagiello ramosissimae-Campanuletum portenschlagiana*, Croatia. *Natura Croatica* 26(2): 331-337.
- **Küzmič, F., Šilc, U. (2017):** Alien species in different habitat types of Slovenia: analysis of vegetation database. *Periodicum biologorum* 119(3): 199-208.
- **Lansdown, R. V., Anastasiu, P., Barina, Z., Bazos, I., Çakan, H., Caković, D., Delipetrou, P. Matevski, V., Mitić, B., Ruprecht, E., Tomović, G., Tosheva, A., Király G. (2016):** Review of Alien Freshwater Vascular Plants in South-east Europe. In: Rat, M., Trichkova, T., Scalera, R., Tomov, R., Uludag, A. (eds.): *ESENIAS Scientific Reports 1. State of the Art of Alien Species in South-Eastern Europe*. University of Novi Sad, Serbia; IBER-BAS, Bulgaria; ESENIAS.
- **Maslo, S., Šarić, Š. (2017):** Georgia Bulrush, *Scirpus georgianus* (Cyperaceae): a new alien species in the flora of Bosnia and Herzegovina and the Balkans. *Phytologia Balcanica* 23(3): 405-407.
- **Pesaresi, S., Biondi, E., Vagge, I., Galdenzi, D., Casavecchia, S. (2017):** The *Pinus halepensis* Mill. forests in the central-eastern European Mediterranean basin. *Plant Biosystems* 151(3): 512-529.
- **Pfeiffer, T. Ž., Špoljarić Maronić, D., Petrošanec, S., Štolfa Čamagajevac, I., Stević, F. (2018):** Steppe-like grassland as a refuge of the wild edible and medicinal plant species in anthropogenic landscape in northeastern Croatia. *Plant Biosystems* 152, DOI: 10.1080/11263504.2017.1415992.
- **Purger, D., Kovačić, S., Csiky, J. (2017):** Bouché's star of Bethlehem, *Ornithogalum boucheanum* (Kunth) Asch. (Hyacinthaceae), a new species in flora of Croatia. *Acta Botanica Croatica* 76(2): 191-195.
- **Roma-Marizio, F., Najar, B., Alessandri, J., Pistelli, L., Peruzzi, L. (2017):** Taxonomy of prickly juniper (*Juniperus oxycedrus* group): A phytochemical-morphometric combined approach at the contact zone of two cryptospecies. *Phytochemistry* 141: 48-60.
- **Rottensteiner, W. K. (2017):** Notizen zur "Flora von Istrien", Teil III. *Joannea Botanik* 14: 145-260.
- **Slavkovska, V., Lakušić, B., Lakušić, D., Jančić, R. (2017):** Leaf and stem anatomy of *Micromeria* species from the Central part of the Balkan Peninsula. *Biologia* 72(3): 277-291.
- **Škvorc, Ž., Jasprica, N., Alegro, A., Kovačić, S., Franjić, J., Krstonošić, D., Vraneša, A., Čarni, A. (2017):** Vegetation of Croatia: Phytosociological classification of the high-rank syntaxa. *Acta Botanica Croatica* 76(2): 200-224.

- Španiel, S., Marhold, K., Zozomová-Lihová, J. (2017): The polyploid *Alyssum montanum*-*A. repens* complex in the Balkans: a hotspot of species and genetic diversity. *Plant Systematics and Evolution* 303(10): 1443-1465.
- Španiel, S., Zozomová-Lihová, J., Marhold, K. (2017): Revised taxonomic treatment of the *Alyssum montanum*-*A. repens* complex in the Balkans: a multivariate morphometric analysis. *Plant Systematics and Evolution* 303(10): 1413-1442.
- Terzi, M., Jasprica, N., Caković, D. (2017): Xerothermic chasmophytic vegetation of the central Mediterranean Basin: a nomenclatural revision. *Phytocoenologia* 47(4): 365-382.
- Vuković, N., Šegota, V., Brana, S. (2017): Data deficient *Sternbergia colchiciflora* Waldst. & Kit. (Amaryllidaceae) in Croatian flora – removing the veil of mist. *Natura Croatica* 26(2): 261-269.
- Žuna Pfeiffer, T., Špoljarić Maronić, D., Zahirović, V., Stević, F., Zjalić, M., Kajan, K., Ozimec, S., Mihaljević, M. (2016): Early spring flora of the Sub-Pannonic steppic grassland (NATURA 2000 site) in Bilje, northeast Croatia. *Acta Botanica Croatica* 75(2): 157-163.
