

FOREWORD

This Volume of *Croatica Chemica Acta* is a collection of papers based on lectures delivered at the IVth International Summer Conference »*Chemistry of Solid/Liquid Interfaces*« and International Symposium »*Electrochemistry of Interfacial Phenomena*«. Both events were organized by the »Ruđer Bošković« Institute, Zagreb, and held from June 23 to July 3, 1975. at the hotel »Croatia«, Cavtat-Dubrovnik.

The present volume follows patterns of previous ones: *Croatica Chemica Acta* **42** (2) 81—395 (1970), and **45** (1) 1—295 (1973), published also as offprint editions: B. Težak and V. Pravdić, edit., *Solid/Liquid Interfaces*, Zagreb 1971, and *Chemistry of Interfaces*, Zagreb 1973, respectively.

The Organizing Committee is expressing its appreciation to all those who have in any way supported and sponsored these events, or contributed by executing the large number of tasks in the periods preceding, during and after the Conference and Symposium. One special thanks goes to all of those who have helped us (and will be helping us) by expressing their comments, criticism and suggestions, but especially to the active participants who made this meeting possible.

The IVth International Conference »*Chemistry of Solid/Liquid Interfaces*« and International Symposium »*Electrochemistry of Interfacial Phenomena*« were sponsored by the

Council for Scientific Research of the Republic of Croatia and by the Coordinating Committee for Science and Technology of SFR of Yugoslavia, and organized by the Center for Marine Research of the »Ruđer Bošković« Institute.

The Scientific Committee in charge of the Conference and Symposium: B. Težak (Chairman), V. Pravdić (Scientific Secretary), M. Branica, A. Despić, D. Dolar, Z. Konrad, M. Mirnik, and V. Škarić.
