

**OBAVIJESTI****ANNOUNCEMENTS***INTERNATIONAL COLLOQUIUM*

on

**RECENT ADVANCES IN MOLECULAR GENETICS**

Organized by: »Ruđer Bošković« Institute, Zagreb, Yugoslavia

Place and date: Dubrovnik, September 27 — October 1, 1971.

## Programme:

1. DNA — replication
2. DNA — recombination
3. Mutagenesis and DNA — repair
4. Genome structure
5. General discussion

Invited lecturers from Europe and U.S.A. Working language:  
EnglishApplications to: Dr. Vinko Škarić, director  
The »Ruđer Bošković« Institute  
Bijenička cesta 54  
P.O.B. 1016  
41001 Zagreb, Yugoslavia

## III INTERNATIONAL SUMMER CONFERENCE

## THE CHEMISTRY OF SOLID/LIQUID INTERFACES

The Conference will be held in Rovinj, Yugoslavia from June 27 to July 5, 1972. Among the topics will be: *Biological Aspects of Interfacial Phenomena, Liquid/Liquid Interfaces, Optical Methods in Interfacial Science, Precipitation and Hydrolysis Phenomena, Double Layer and Kinetics of Interfacial Reactions*. The Conference will be followed by the Symposium on the *Chemistry of Mediterranean*, an environmental science discussion meeting, from July 6 to 8, 1972.

Invited lecturers will give lectures on the above topics and time will be provided for general and informal discussions. Attendance will be limited to approximately 100. For information and application write to:
