

OBAVIJESTI

ANNOUNCEMENTS

8TH INTERNATIONAL CONGRESS OF BIOCHEMISTRY

Switzerland 3rd-9th September, 1970

The Swiss Biochemical Society has accepted the request of the International Union of Biochemistry to undertake jointly the organization of the 8th Congress in the form of a series of inter-connected symposia, to be held in Switzerland from September 3 to 9, 1970, the same dates as those previously planned for the International Congress in Rome.

Present plans call for 10 symposia, each occupying two or three days, some of them simultaneous, to be held in Montreux, Interlaken and Lucerne. The provisional list of these symposia is:

1. *Protein Structure*: Chairmen, M. Perutz and J. D. Dunitz.
2. *Protein Reactivity*: Chairmen, C. B. Anfinsen and E. F. Lüscher.
3. *Mechanism of Enzyme Action*: Chairmen, A. E. Braustein and G. Semenza.
4. *Biological Oxidation and Bioenergetics*: Chairmen, M. Calvin and O. Wiss.
5. *Nucleic Acids and Protein Synthesis*, part I: Chairmen, C. Weissmann and A. Tissières.
6. *Protein Synthesis and Nucleic Acids*, part II: Chairmen, A. Tissières and C. Weissmann.
7. *Biochemical Regulation and Control Systems*: Chairmen, H. Lardy and P. Walter.
8. *Cellular Structure and Multienzyme Systems*: Chairmen, F. Lynen and E. Weibel.
9. *Biochemistry of Development and Differentiation*: Chairmen, E. Hadorn and H. P. Ursprung.
10. *Immunochemistry*: Chairmen, M. Sela and H. Isliker.

Those interested in contributing to the main part of any one symposium, or wishing to suggest contributors, are cordially invited to submit such suggestions, together with a brief outline of the topic to be covered, either to the Chairman of the symposium or to the Secretary-General of the Congress who will forward them.

II INTERNATIONAL SUMMER CONFERENCE

The Chemistry of Solid/Liquid Interfaces

The Conference will be held at Rovinj, Yugoslavia from September 14 to 23, 1970 under the general title: *Kinetics and Mechanism of Reactions in Concentrated Electrolyte Solutions*. It will be followed by a Symposium on *Chemistry of the Mediterranean*, from September 24 to 26, 1970.

Invited lecturers will give lectures on the above topics and time will be provided for general and informal discussions. Attendance will be limited to 100. For information and application write before March 15, 1970 to:
