Authors should also fill and sign the author form, and send it to the same address. Please attach to every submission a statement confirming that the article is original, and that it is not currently being considered for publication by any other journal. In submitting an article, authors comply with the regulations of the editorial procedure followed by this journal. The word count for articles should not exceed 7,500 words. The word count for book reviews should not exceed 1,000 words.

Before acceptance for publication, submissions are reviewed initially by the editors and then undergo a double-blind reviewing procedure. An author whose article is rated positively is required to take into account the comments and suggestions of the reviewers and, if necessary, additionally work on the text or, alternatively, send a written justification for not making the suggested changes. Submissions sent for publication are not returned.
