

**K I N E S I O L O G Y**

International Journal of Fundamental and Applied Kinesiology

Vol. 53(2021) No.2 (183-352)

**Contents**

Daniel Castillo, Alejandro Rodríguez-Fernández, Rodrigo Ramirez-Campillo, Javier Raya-González

*(Original scientific paper)***Effects of caffeine, beetroot juice and its interaction  
consumption on exercise-related fatigue** ..... 185-192Vasiliki E. Simitzi, Athanasios Tsoukos, Ioannis N. Kostikiadis,  
Charalampos A. Parotsidis, Christos Paizis, George P. Nassis, Spyridon K. Methenitis*(Original scientific paper)***The acute effects of different high-intensity conditioning activities on sprint  
performance differ between sprinters of different strength and power characteristics** ..... 193-205Gibson Moreira Praca, André Gustavo Pereira de Andrade, Cristóvão de Oliveira Abreu,  
Pedro Emilio Drumond Moreira, Filipe Manuel Clemente, Rodrigo Aquino*(Original scientific paper)***Manipulating the pitch size constrains the players' positioning during  
unbalanced soccer small-sided games played by different age groups** ..... 206-214Ricardo Berton, Marcos Soriano, Demostenys David da Silva,  
Marcel Lopes dos Santos, Gustavo Teixeira, Fernando Reiser, Valmor Tricoli*(Original scientific paper)***Concurrent validity and reliability of the load-velocity relationship to predict  
the one-repetition maximum during three weightlifting derivatives** ..... 215-225

Jožef Križaj, Mojca Doupona

*(Original scientific paper)***Acquiring embodied and institutionalized cultural capital:  
career development and success among slovenian football players** ..... 226-235

Javier Sanchez-Sanchez, Rodrigo Ramirez-Campillo, Cristina Petisco, Daniel Hernandez, Fábio Yuzo Nakamura

*(Original scientific paper)***Effects of short-term strength and jumping exercises distribution on soccer player's physical fitness** ..... 236-244

Jovana Trbojević Jocić, Jelica Petrović

*(Original scientific paper)***Understanding of dropping out of sports in adolescence –  
testing the hierarchical model of intrinsic and extrinsic motivation** ..... 245-256

---
