Nakladni zavod Globus, Zagreb

Publisher copyright policies & self-archiving is also described at Sherpa organisation web (RoMEO service).

All received manuscripts are subject to routine disclosure of similarity with existing literature (plagiarism and self-plagiarism) through PlagScan program.

In the case of suspected plagiarism and redundancy, the editorial board will act in accordance with the recommendations of the Committee on Publication Ethics (COPE).

The journal PROSTOR publishes scientific papers from all branches of architecture and urban planning as well as texts from other fields of science (art history, archaeology, ethnology, sociology, geography, civil engineering, geodesy, forestry, design...) if their content relates to architectural issues.

PROSTOR is a primary scientific journal and accepts only previously unpublished papers which cannot be simultaneously offered in the same form to another publisher.

In addition to scientific contributions, which are subject to evaluation by reviewers, decimal classification and categorisation (original scientific papers, preliminary communications, reviews, conference papers), professional papers of analytical character will be published exceptionally. In accordance with the above, design projects will not be published in PROSTOR, except in cases that display a highly expert or applied scientific solution for a particular issue or problem within a project, unless the content is presented in a scientific manner (a conceptual, technical, technological or methodological problem, but not a project or a building itself).

Contributions for current theme section include reviews of books, journals, and scientific conference proceedings or books of abstracts as well as summaries of defended doctoral dissertations on the Faculty of architecture, University of Zagreb.

- The journal PROSTOR is registered with the Ministry of Science and Technology, RC (now Ministry of Science and Education), as a primary scientific publication in the area of technical sciences: scientific field: architecture & urban planning.

- The journal PROSTOR is registered as a periodical publication with the Ministry of Information, RC (now the Ministry of Culture, RC) under the entry number 38 (Registration of a Periodical Publ. Certif. from May 12, 1992, class 104, Reg. No. 523-021/92-847/38).

- PROSTOR is a half-yearly publication (two issues a year). In vol. 1 (1993) and 2 (1994) the journal was published quarterly.

- By delivering his / her signed paper, the author guarantees that he is the sole copyright holder of his work and grants his consent to its publishing in hardcopy or electronic edition (Prostor online) as well as to its abstracting / indexing in secondary data bases.

- Typescripts of accepted papers are not returned.

- The author does not receive any payment.

- Responsibility for scientific attitudes and opinions presented in the paper, the accuracy of data and the right to publish the text(s) and illustrations rests with the author(s).

- Copyright of any published article in PROSTOR rests with the author/s. Author/s grant the journal PROSTOR the commercial right to publish a printed version of the journal and to sell it to libraries and natural persons. Author/s grant the third person free use of the published article only if its original author can be identified including the citations belonging to this author/s.

- The published articles and other published materials are distributed under the Creative Commons Attribution 4.0 license (CC BY).
