Časopis PROSTOR objavljuje znanstvene članke iz svih grana arhitekture i urbanizma, ali i radove iz drugih znanstvenih područja (povijesti umjetnosti, arheologije, etnologije, sociologije, geografije, građevinarstva, geodezije, sumarstva, dizajna...), ako su sadržajem vezani za problematiku arhitekture i urbanizma.

PROSTOR je primarni znanstveni časopis i tiska samo neobjavljene članke, koji istodobno i u istom obliku ne mogu biti ponuđeni drugom izdavaču.

Osim znanstvenih priloga koji podliježe recenziji, decimalnoj klasifikaciji i kategorizaciji (izvorni znanstveni članci, prethodna priopćenja, pregledni članci, izlaganja na znanstvenim skupovima), iznimno ce se objavljivati i stručni članci analitičkog karaktera. U skladu s navedenim, u PROSTORU se neće objavljivati recentni projekti ni ostvarenja, osim u slučajevima kada je posrijedi visokostrucno, odnosno primijenjen znanstveno rješenje nekoga posebnog pitanja ili problema u sklopu projekta, uz uvjet da je sadržaj prikazan na znanstveni način (konceptualni, tehnički, tehnološki ili metodološki problem, a ne projekt ili zgrada kao takvi).

U pratećim rubrikama publiciraju se prijevodi, bibliografski prilozi, recenzije i prikazi (časopisa, knjiga, izložba, znanstvenih skupova), vijesti i aktualnosti iz struke, kronika Arhitektonskog fakulteta te sazeci obranjenih doktorskih disertacija i magistarskih radova.

The journal PROSTOR publishes scientific papers from all branches of architecture and urban planning as well as texts from other fields of science (art history, archaeology, ethnology, sociology, geography, civil engineering, geodesy, forestry, design...) if their content relates to architectural issues.

PROSTOR is a primary scientific journal and accepts only previously unpublished papers which cannot be simultaneously offered in the same form to another publisher.

In addition to scientific contributions, which are subject to evaluation by reviewers, decimal classification and categorisation (original scientific papers, preliminary communications, reviews, conference papers), professional papers of analytical character will be published exceptionally. In accordance with the above, design projects will not be published in PROSTOR, except in cases that display a highly expert or applied scientific solution for a particular issue or problem within a project, unless the content is presented in a scientific manner (a conceptual, technical, technological or methodological problem, but not a project or a building itself).

The accompanying sections include translations, bibliographies, evaluations and reviews (of journals, books, exhibitions, conferences), the latest news and topical issues in the field, chronicle of the Faculty of Architecture as well as summaries of defended doctoral dissertations and master's theses.
