TEDI journal is published on Internet free of charge. Manuscripts are present in full content as PDF files with the right of users to "read, download, copy, distribute, print, search, or link to the full texts of these articles" under assumption that full reference to the TEDI source is acknowledged.

Authors are encouraged to discuss the practical implications of work reported. Research, review and explanatory papers, case studies, essays, and reviews of books, events, collections, installations, etc. are also encouraged.

All submissions to the journal undergo a peer review process. This is coordinated by the TEDI editorial team working with a panel of high-profile, respected experts in many aspects of textile technology and science. The editorial panel validate and enhance the status of all work published.

TEDI, International interdisciplinary journal of young scientists from the Faculty of Textile Technology, is international journal addressing primarily young scientist from a diverse range of disciplines in which textile plays an important role, to exchange their knowledge and ideas.

International interdisciplinary journal TEDI supports publishing interdisciplinary papers related to textiles: history and culture of clothing, fashion theory and sociology, textile design and fashion, textile conservation and restoration, textile processing and technology, textile chemistry, color, nanotechnology, forensics, environment protection, ecology etc.
