

SURVEY REVIEW U 1992. GODINI

Commonwealth Association of Surveying and Land Economy (CASTLE) izdaje četiri puta u godini časopis SURVEY REVIEW (Geodetski pregled). U svakom broju ima oko 50 stranica formata B5, a cijena jednogodišnje pretplate je 34,00 GBP.

U volumenu 32, broju 243 (January 1992) objavljeni su sljedeći članci:

- Gar Al-nabi, I. M.: Optimisation of the Three-Dimensional Digital Elevation Data Compression Procedure (Optimiranje trodimenzionalnih digitalnih visinskih podataka), str. 248—262.
- Ebong, M. B. and Mussa, A. A.: Bench Mark Stability in Nigeria (Stabilnost geodetskih točaka u Nigeriji), str. 263—278.
- Kuang, Sh.: A New Approach to the Optimal Second-Order Design of Geodetic Networks (Novi pristup optimalnom dizajnu drugog reda geodetskih mreža), str. 279—289.
- Ifadis, M. I.: The Excess Propagation Path of Radio Waves — Study of the Influence of the Atmospheric Parameters on its Elevation Dependence (Preobilni put širenja radiovalova — Studija utjecaja atmosferskih parametara u ovisnosti o elevaciji), str. 289—298.
- Correspondence — Euclidean Trisection (Dopisivanje-Euklidijsko dijeljenje kuta na tri djela)
- Book Review — Ivanhoe Guide to Chartered Surveyors 1992
- Notices — Mapping Awareness'92
- CONSAS'93
 - Satellite Remote Sensing Service
 - RADARSAT
 - ICA 1991 Conference Proceedings
 - International Workshop on GPS, Chania, Crete
 - Survey Review Prize

U broju 244 (April 1992) objavljeni su članci:

- Olliver, J. G.: Space — derived Geoid Maps of Great Britain (Prostor — izvedene karte geoida Velike Britanije), str. 310—320.
- Potiou, A.: Resection in 2-D — Optimisation under Isotropy (Presjek u 2 D — Optimizacija pod izotropijom), str. 321 — 332.
- Okafor, U.G.O.: An Overview of the Surveying Curriculum at University of Nigeria, Nsukka (UNN) (Pregled geodetskoga nastavnog plana na Nigerijskom sveučilištu Nsukka (UNN)), str. 333—343.
- Mok, E.: A Model for the Transformation between Satellite and Terrestrial Networks in Hong Kong (Model za transformaciju između satelitskih i terestričkih mreža u Hong Kongu), str. 344—350.
- Book review — An Inch to the Mile. The OS One-Inch Map 1805—1974.
- Ordnance Survey in Ireland. An Illustrated Record
 - Proceedings of the Symposium to celebrate the Ordnance Survey Bicentenary, str. 351—353.
- Correspondence — Trisection of an Angle
- Notices — ICA 9TH General Assembly/15th Word Conference, Bournemouth
- 43rd Photogrammetric Week, Stuttgart
 - AGI 3rd National Conference, Birmingham
 - Symposium on Refraction of Transatmospheric Signals in Geodesy, The Hague
 - XVIIth Congress of ISPRS, Washington
 - 13th International Computer and Management Show, Dallas
 - Wild LNA 20 Laser Level

U broju 245 (Jully 1992) objavljeni su članci:

- Manning, H. G.: Thailand and Australia cooperate to update Thailand's Land Titles System (Tajland i Australija surađuju na formiranju nove zemljišne knjige), str. 370—376.

- Shortis, M. R. and Joyce, P. G.: Accuracy and Precision of Volumes computed from Triangulated Irregular Networks (Točnost i preciznost volumena izračunanog iz nepravilne trokutne mreže), str. 377—389.
- Asteriadis, G. and Schwan, H.: An Analysis of a Ten-year Survey of the Geodetic Network at the Seismic Area of Lake Volvi in Northern Greece for detecting Real Crustal Movements (Analiza deset godišnjih geodetskih mjerenja mreža u seizmičkom području jezera Volvi u sjevernoj Grčkoj za detekcije realnih gibanja zemljine kore), str. 390—396.
- Osazuwa, J. B.: The Nigerian Standard Gravimeter Calibration Line (Nigerijska standardna gravimetrijska baza), str. 397—408.
- Porter, A. F.: The Regular Reptagon (Pravilni sedmerokut), str. 409—412.
- Pugliano, A., Santamaria, R., Trosi, S. and Turturici, L.: Latitude by Time Differences — Operative and Computing Methodologies (Geografska širina određena iz vremenskih razlika — Postupak opažanja i računanja), str. 413—420.
- Correspondence — Euclidean Trisection
- Book Reviews — Geodesy
- Land Survey Review Manual
 - Topography of Armageddon. A British Trench Map Atlas of the Western Front 1914—1918
- Notices — Joint Association of Geophysics
- Field Survey Association Prize 1991
 - 6th International FIG Symposium on Deformation Measurements, Hannover
 - AGI 92 Birmingham, UK
 - AM/FM VIII European Conference, Montreux, Switzerland
 - Survey Review Prize
- U broju 246 (October 1992) objavljeni su članci:
- Hibbert, J. J.: Practical EDM Height Traversing to Geodetic Levelling Accuracies as used in a Geophysical Monitoring Scheme (Praktično trigonometrijsko mjerenje visina kako je uporabljeno u planu geofizičkog motrenja), str. 434—453.
- Bervoets, S. G.: Shifting and Rotating a Figure (Pomicanje i rotacija figure), str. 454—464.
- Parker, D. and Taylor, G.: The 'S' in GIS ('S' sustav u GIS-u), str. 465—473.
- Kao, zu-Pyng: Effects of Large Vertical Deflections in a High Precision Network (Efekti velikih vertikalnih odstupanja — pomicanja — u visoko preciznim geodetskim radovima), str. 474—484.
- Okafor, U.G.O.: Plane Coordinate Transformation for Zimbabwe (Transformacija ravninskih koordinata u Zimbabveu), str. 485—489.
- Smith, J.: '60 Years Ago' (60 godina prije), str. 490—492.
- Correspondence — Trisection of an Angle
- Notices — Photogrametric Society
- New Degree Course — Mapping Information Science University of Newcastle upon Tyne
 - Wild GPCI Programmable Field Computer.
