

PRILOZI BIBLIOGRAFIJI FLORE I VEGETACIJE HRVATSKE / CONTRIBUTIONS TO THE BIBLIOGRAPHY OF THE CROATIAN FLORA AND VEGETATION

- Alegro, A., Šegota, V., Borovečki-Voska, Lj., Topić, J., Rimac, A. (2022): *Rudbeckia triloba* L. (Asteraceae) – new (?) alien species in the flora of Croatia. *Natura Croatica* 31(2): 409-413.
- Bogdanović, S., Boršić, I., Ljubičić, I., Brullo, S., Giusso del Galdo, G. (2022): *Centaurea lovricii*, a new species of *C. sect. Centaurea* (Asteraceae) from Croatia. *PhytoKeys* 214: 97-114.
- Bogdanović, S., Shuka, L., Giusso del Galdo, G., Brullo, S. (2022): *Limonium ksamilum* (Plumbaginaceae), a new species from Albania. *Phytotaxa* 554(1): 085-092.
- Bučar, M., Šegota, V., Rimac, A., Koletić, N., Marić, T., Alegro, A. (2022): Green Christmas: bryophytes as ornamentals in Croatian traditional nativity scenes. *Journal of Ethnobiology and Ethnomedicine* 18(15): 1-12.
- Callaghan, D., Aleffi, M., Alegro, A., Bisang, I., Blockeel, T., Collart, F., Dragičević, S., Draper, I., Erdağ, A., Erzberger, P., Garcia, C., Garilleti, R., Hugonnot, V., Lara, F., Natcheva, R., Németh, C., Papp, B., Sabovljević, M., Sérgio, C., Sim-Sim, M., Vanderpoorten, A. (2022): Global geographical range and population size of the habitat specialist *Codonoblepharon forsteri* (Dicks.) Goffinet in a changing climate. *Journal of Bryology* 44(1): 35-50.
- Ellis, L., Afonina, O., Czernyadjeva, I., Alegro, A., Šegota, V., Boiko, M., Zagorodniuk, N., Burghardt, M., Alataş, M., Aslan, G., Batan, N., Dragičević, S., Erata, H., Kirmacı, M., Özenoğlu, H., Evangelista, M., Valente, E., Feletti, T., Ezer, T., Fedosov, V., Fuertes, E., Oliván, G., Natcheva, R., Gospodinov, G., Hodgson, A., Kiebacher, T., Köckinger, H., Konrat, M., Krajšek, S., Cimerman, Ž., Kučera, J., Mikulášková, E., Müller, F., Muñoz, J., Ochyra, R., Peralta, D., Philippe, M., Porley, R., Rawat, K., Paul, R., Ros, R., Werner, O., Schäfer-Verwimp, A., Sérgio, C., Shkurko, A., Söderström, L., Souza, A., Spitale, D., Ștefănuț, S., Tabua, M., Winter, G. (2022): New national and regional bryophyte records, 69. *Journal of Bryology* 44(1): 87-102.
- Jasprica, N. (2022): Flora i vegetacija u Malostonskom zaljevu. U: Kunica, V., Ipšić, I. (ur.) *Mali Ston Bay / Kingdom of Oyster*. Stonski školjkari Ston, Ston, 19-45.
- Klarin, K., Varga, F., Nimac, A., Šatović, Z., Grdiša, M. (2022): Morphological diversity of natural Dalmatian pyrethrum populations. *Macedonian pharmaceutical bulletin* 68(Suppl 2): 59-60.
- Ljubičić, I., Bogdanović, S., Haramina, J. (2022): Ugrožena i endemična flora Promine s osvrtom na orhideje. U: Aralica, V. (ur.) *Promina slavlje spomena kao sjeme budućega*. Župni ured sv. Mihovila Promina, Promina, 399-403.
- Milović, M., Karađole, J., Pandža, M. (2022): A contribution to the knowledge of the distribution of *Dalmatocytisus dalmaticus* (Vis.) Trinajstić (Fabaceae). *Natura Croatica* 31(2): 241-250.
- Piria, M., Radočaj, T., Vilizzi, L., Britvec, M. (2022): Climate change may exacerbate the risk of invasiveness of non-native aquatic plants: the case of the Pannonian and Mediterranean regions of Croatia. *NeoBiota* 76: 25-52.
- Poljak, I., Vahčić, N., Liber, Z., Šatović, Z., Idžojtić, M. (2022): Morphological and chemical variation of wild sweet chestnut (*Castanea sativa* Mill.) populations. *Forests* 13(1): 55.
- Radosavljević, I., Šatović, Z., di Pietro, R., Jug Dujaković, M., Varga, F., Škrčić, D., Liber, Z. (2022): Phylogeographic structure of common sage (*Salvia officinalis* L.) reveals microrefugia throughout the Balkans and colonizations of the Apennines. *Scientific Reports* 12: 15726.
- Rimac, A., Alegro, A., Šegota, V., Vuković, N., Koletić, N. (2022): Ecological preferences and indication potential of freshwater bryophytes – insights from Croatian watercourses. *Plants* 11(24): 3451.
- Rimac, A., Alegro, A., Šegota, V., Vuković, N., Koletić, N. (2022): Environmental gradients shaping the freshwater bryophyte communities of Croatia (Western Balkans). *Plants* 11(12): 1542.
