

EDITORIAL

Dear Friends and Colleagues,

With this issue, we celebrate the 10th anniversary of our Journal!

It is with great pleasure that we announce: INTEREULAWEST - Journal for International and European Law, Economics, and Market Integrations has entered the second quartile in the legal sciences category, with an SJR impact factor of 0.25 (<https://www.scimagojr.com/journalsearch.php?q=21100935900&tip=sid&clean=0>). Earlier than in previous years, in April 2024, SCImago Journal & Country Rank (<https://www.scimagojr.com/>) published these new metric data regarding the SCImago Journal Rank impact factor for journals indexed in the Scopus database. This indicator measures the prestige of a journal through the number of citations it receives and the prestige of the journals from which these citations originate.

We believe this success will further inspire efforts to enhance the quality of the journal's publishing process and strengthen the scientific excellence of the papers published.

Congratulations to all authors, the editorial team, and everyone who has contributed selflessly to the development of the journal. We believe this will be the best impetus for the continued growth of the journal. Special thanks go to former co-editor, Assoc. Prof. Dr. Zvonimir Šafranko, and current co-editor, Assoc. Prof. Dr. Dora Naletina, Mrs. Silvana Brozović, and Zrinka Udiljak Bugarinovski, former proofreader Mr. Željko Sirk, as well as all reviewers, authors and editorial board. Finally, we must extend special gratitude to the publisher, the Faculty of Economics and Business - Zagreb, which recognizes the importance of scientific publishing in higher education institutions. As well, we welcome our new proofreader, Mrs Sanela Lolić.

Life is not only filled with happy news, so, with great sadness, we here remember Prof. Dr. Marijan Cingula, who greatly enriched us with years of dedicated work and contributions to the academic and scientific community. As a professor at the Faculty of Organization and Informatics and at the Faculty of Economics and Business - Zagreb, he left an indelible mark. His passion for teaching and desire for improvement made him not only an excellent teacher but also a true mentor and role model to many. Prof. Dr. Marijan Cingula significantly contributed to the fields of capital markets, corporate governance, and strategic management through his scientific work. His passing represents an irreplaceable loss to our academic and scientific community, but his legacy will continue to live on through all who had the privilege to know him and learn from him.
