

2nd scientific meeting with international participation NEWS IN ANDROLOGY

AUTHOR:

ŽELJKO KAŠTELAN

The Department of Medical Sciences of the Croatian Academy of Sciences and Arts and the Croatian Andrological Society of HLZ organized the 2nd scientific meeting with the international participation of NEWS IN ANDROLOGY, which took place in the hall of the HAZU Library on April 12, 2024. The Chairman of the Organizing Committee was academician Željko Kaštelan. Foreign lecturers from world-renowned centres held lectures on the topic of reconstructive surgery of the genital organs and the latest knowledge on the treatment of male infertility. Also, leading urologists/andrologists from Croatian hospitals presented their results and the most modern approach to the treatment of andrological patients in Croatia.

Among the more prominent lecturers, presentations were given by Miodrag Aćimović on the topic Modern surgical approach to Mb Peyronie treatment, Radoš Đinović on the topic of Surgical treatment of ED, Igor Grubišić on the topic of Mb Peyronie conservative treatment – success?, Žana Saratlija on the topic Indications for T-T anastomosis and BMG and Domagoj Rašić under the title Is there a place for internal urethrotomy in urethral stricture treatment?

In the second part of the event, lectures were given by Davor Ježek, Christiane Pleuger, Sudhanshu Bhushan, Antun Gršković, Ivan Ćosić and Dinko Hauptman.
