Leagile Manufacturing in a Medium-Sized Air Compressor Manufacturing Company T. Sakthivel, S.R. Devadasan, D. Ramesh Kumar.....	1
Hybrid Polyester Composites Reinforced with Sunn Hemp and Flax Fibres: Shore D Hardness and Dimensional Stability Analysis Naveen Krishna V, Sivasankaran R, Srinivasa Daya Prasad, Govardhanan M S.....	15
Post-Processing Techniques of Additively Manufactured Parts: A Review Abdulmajeed Dabwan, Wadea Ameen, Khaled N. Alqahtani, Husam Kaid, Abdulrahman Al-Ahmari, Murtadha Aldoukhi	25
A Decentralised Collision Avoidance Method Based on Q-Learning for Multi-AGV Systems Mustafa Çoban, Gökhan Gelen.....	51
Investigation of the Effect of the Cutting Parameters on Cutting Forces and Tool Wear in the Stack Drilling of a Carbon Fibre-Reinforced Thermoplastic Matrix Composite and AA7075 Ali Coşkun, Ayhan Etyemez, Mustafa Ay, Mustafa Kurt, Şükran Katmer, Ulvi Şeker, Mine Nohuz.....	69
Design Optimisation of the Tooth Surface of a Variable Hyperbolic Circular Arc Tooth Trace Cylindrical Gear Based on Loaded Transmission Error Dengqiu Ma, Bing Jiang, Zhenhuan Ye, Yongping Liu.....	87
Mathematical Model and Kinematic Characterisation of a Non-Circular Planetary Gear System Yongping Liu, Juan Wang, Changbin Dong, Fuqiang Wang.....	111
Enhancing Machining Performance and Sustainability by Using Coconut Oil-Based Molybdenum Disulfide Nanofluid in the Minimum Quantity Lubrication Method: Optimization of Turning Parameters for the AISI4340 Steel Hiran Gabriel D J, Parthiban M.....	129
Robust Quadratic Stability of Two Interconnected Systems with Respect to the Structure of a Lyapunov Function Andrej Jokić.....	149
