

Croatia Recorded 6.5 Million Overnight Stays in the First Four Months

According to data from the eVisitor system, Croatia recorded more than **2.3 million arrivals** and **6.5 million overnight stays** from January to the end of April, representing an increase of 3% in arrivals and 1.44% in overnight stays compared to the same period last year. Of this, 5.2 million overnight stays were recorded on the Adriatic, which is an increase of 2% than last year, while the continental part of the country, without Zagreb, recorded 619,000 overnight stays, representing a 3% increase.

In the same period, the highest number of overnight stays was recorded in Istria (1.7 million overnight stays), Kvarner region (1 million overnight stays), and Split-Dalmatia County (854,000 overnight stays), while the leading destinations were Zagreb, Dubrovnik, Rovinj, Split, Poreč, Zadar, Opatija, Umag, Pula and Rijeka.

Looking at markets, in the first four months the highest number of overnight stays was generated by domestic tourists (over 1.6 million overnight stays), followed by visitors from Slovenia (over 863,000 overnight stays), Germany (over 684,000 overnight stays), Austria (481,000 overnight stays), Bosnia and Herzegovina (292,000 overnight stays) and Italy (218,000 overnight stays).

By type of accommodation, the most overnight stays were recorded in hotels (3.3 million overnight stays), private accommodation (1.4 million overnight stays) and campsites (643,000 overnight stays).
