#### SECOND CIRCULAR

## The scope of the meeting

The scope of this meeting is to become a converging place for scientists and experts coming from universities, institutes, schools and industry in Croatia and in the region. The main purpose is to promote new achievements, innovative ideas and technologies in the field of chemistry and chemical engineering, to encourage interdisciplinary exchange of knowledge and experience and to be a forum for scientists, engineers, teachers and managers.

## Invitation for participation

All participants are cordially invited to submit the abstracts of their presentations containing new results of their work. Abstract should be written on one page only following the instructions for authors ([www.hdki.hr](http://www.hdki.hr)). Abstract should be submitted by October 15, 2008 in printed and digital form. All accepted abstracts will be published in the Book of Abstracts.

The participants are encouraged to submit the papers of their presentation for publication in journals Croatian Chemica Acta, Food Technology and Biotechnology, Arhiv za higijenu rada i toksikologiju and Kemija u Industriji.
