Information for authors. Submission of a manuscript implies that the work has not been published before (except in the form of an abstract), that it is not under consideration for publication elsewhere, and that it will not be submitted to another journal while under review for *Rad HAZU*. Manuscripts should be submitted electronically, preferably by sending a *pdf* file to the Editor-in-Chief to the e-mail address `duje@math.hr`. On acceptance of the paper, the authors will also be asked to transmit the LaTeX source file. Manuscripts should be written in English. The first page should contain the article title, author and coauthors names, complete affiliation(s) (name of institution, city, state, and zip code), proposed running head (less than 40 characters), a short *abstract*, a list of *key words and phrases* and the AMS 2010 *Mathematics Subject Classification numbers*. *Figures* must be prepared in a form suitable for direct reproduction (the preferred format is *eps*). *References* should be arranged and numbered in alphabetical order. The following information should be provided for references to journals: names and initials of authors, full title of the paper, name of the journal, volume, year of publication and first and last page numbers. Abbreviations of journal names should follow Mathematical Reviews.

The editors would like to encourage submission of manuscripts written in the *radhazu* document class for LaTeX (the style files are available at `http://web.math.pmf.unizg.hr/~duje/radhazumz/`).
