

Dear reviewers,

Thank you for agreeing to review the papers accepted for publishing in the journal Meso (Meat).

Although the conscientious reviewing of papers takes time, it is also a basis for ensuring high quality of the journal contents

Please follow the instructions listed below:

- Editorship of the Meso journal will keep anonymous the identity of individual reviewers.
- On the left or right margin of a work, please indicate the passages (best with numbers) of the text on which you have remarks, questions, comments or suggestions. Print the same on a separate sheet of paper without indication of your first name and surname, and without your signature. This paper and a copy of the work with remarks will be submitted to the respective authors.
- Please, indicate clearly what the author(s) should change to make the article acceptable for publication in the journal Meso. Author(s) will be requested to provide answers to all of your comments, prior to the official acceptance of the article for print.

Please fill in the Questionnaire (Review list) and return the same to the sub-editor within 4 weeks at the most. PLEASE RESPECT THE TERMS. As an author, you undoubtedly appreciate the importance of making these terms as short as possible. Editorship of the Meso journal relies on prompt fulfilment of reviewer tasks that will enable shortening of the period of waiting for print.

In case you are prevented to review the work personally, please check with your colleagues or assistants if some could do that instead of you, or give us your suggestions regarding potential reviewers. However, if no other option is available, please inform immediately the sub-editor and destroy the copy in your possession.

Should any problem arise, please contact the director – editor-in-chief, Mrs. Katarina Lučić, BEcon (e-mail: meso@meso.hr) or the sub-editor Prof. Lidija Kozačinski, PhD (e-mail: klidija@vef.unizg.hr)
