## **Submission of Manuscripts**

CYELP is an open-access, peer-reviewed journal that publishes articles, notes, reports, comments and book reviews.

CYELP does not charge article processing or submission fees. All manuscripts should be submitted online at [www.cyelp.com](http://www.cyelp.com) (through the 'Open Journal Systems' software). Authors should follow the submission instructions provided on the specified website. These instructions relate particularly to the submission's prior publication, layout, citation system, and methods of ensuring the anonymity of the review process. By submitting their manuscripts to CYELP, authors confirm that their articles represent original work, and have not been previously or simultaneously published or submitted for publication elsewhere.

All contributions are subject to a review procedure. According to the Croatian Classification System, contributions published as 'articles' are designated as 'izvorni znanstveni rad', and those published as 'comments', 'reports' and 'notes' are evaluated as 'pregledni znanstveni rad'.

All manuscripts published in CYELP are licensed under the *Creative Commons Attribution – Non-Commercial – No Derivatives 4.0 International License*. This permits anyone to copy and redistribute their work in any medium or format for non-commercial purposes provided the original work and source are appropriately cited.

For all manuscripts published in CYELP, the copyright remains with the author(s). This means that the author(s) grant the right of first publication to the Yearbook, while retaining the copyright to their manuscripts (accepted for publication or published in CYELP), and may republish these, in full or in part, in other publications, books or materials. However, the following conditions should be met: (i) the manuscript is published open access; (ii) when reusing the manuscript, the original source of publication must be properly acknowledged and referenced; (iii) the manuscript remains published by CYELP on its website; (iv) the manuscript is licensed under the *Creative Commons Attribution – Non Commercial – No Derivatives 4.0 International License*.

All parties involved in the publication process, ie editors, authors and reviewers, observe rules and standards regarding publication ethics defined by the Committee on Publication Ethics (COPE). All cases of suspected or alleged research or publication misconduct (plagiarism, fraudulence) are dealt with by the Editorial Board in line with the COPE Code of Conduct for Journal Editors.

CYELP uses *PlagScan* software to detect plagiarism in order to help ensure only original work is published.
